

# The Age of Insight

How **Consumer Products and Retail** organizations can accelerate value capture from data

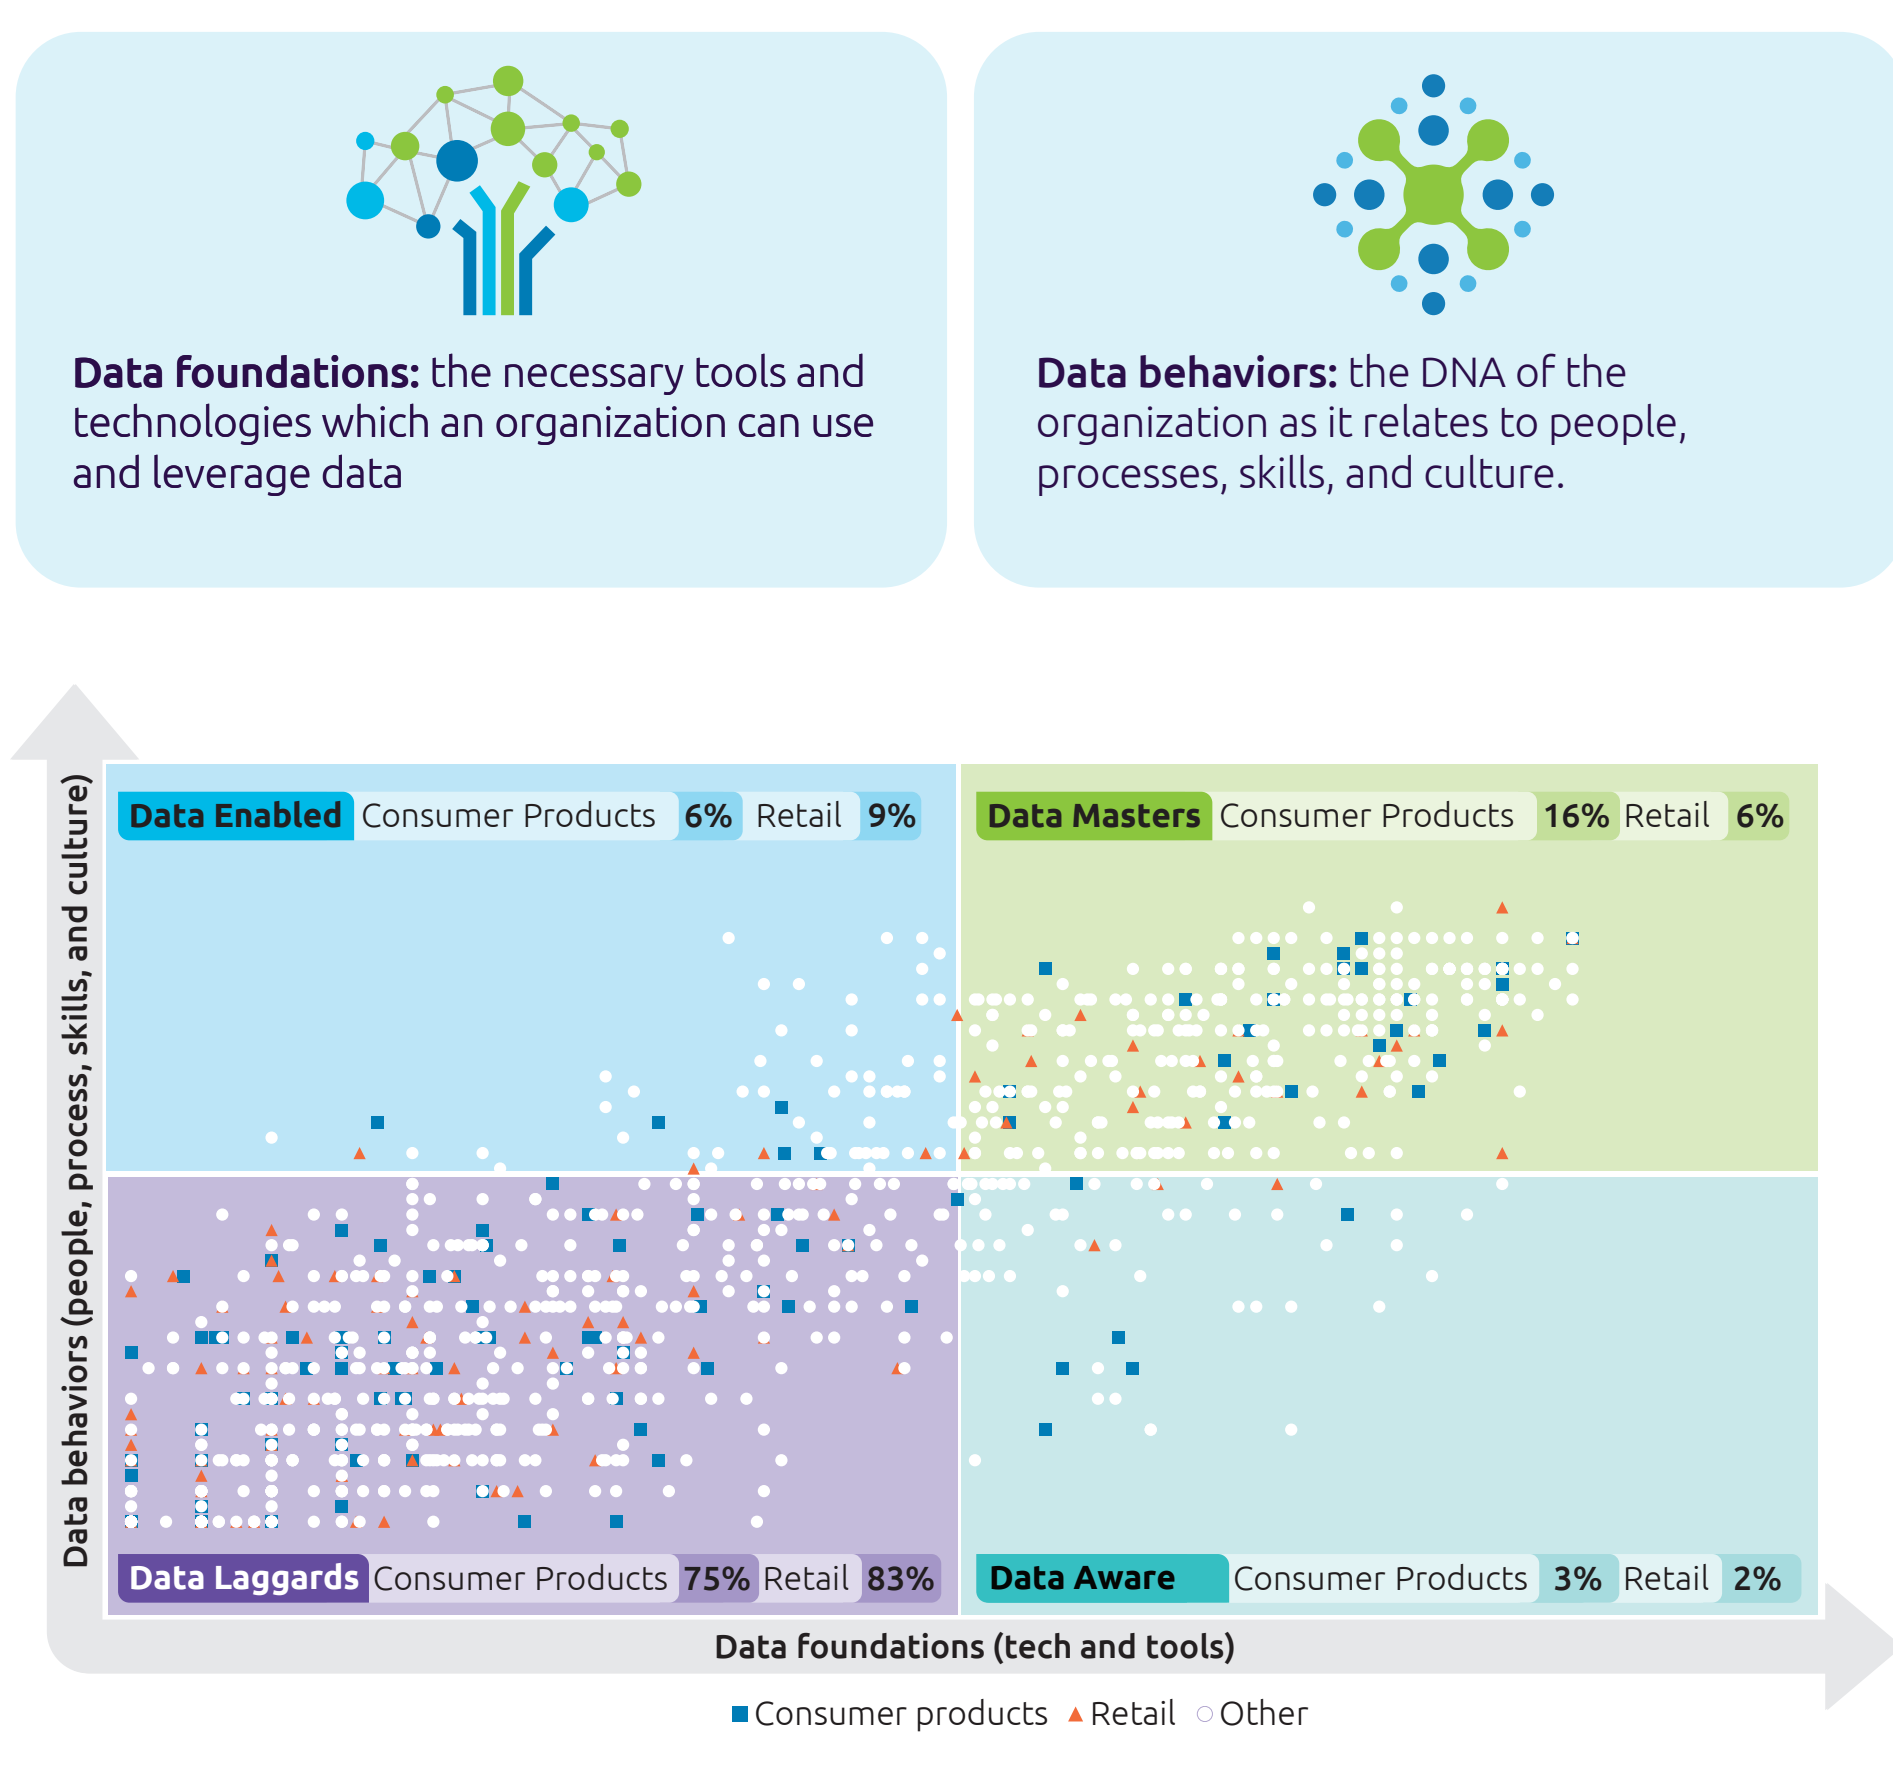

## How leading CPR organizations are using data to gain a competitive edge

## What CPR “data masters” do differently

**Only 16% of CP organizations and 6% of retail organizations are data masters**

We divided organizations based on their data maturity, assessing them against two dimensions:

Source: Capgemini Research Institute, Data-powered enterprises survey, August 2020, N=1,004 global organizations, N=100 consumer products manufacturing and retail organizations each.

## Data foundations: CPR data masters excel at data management practices

Source: Capgemini Research Institute, Data-powered enterprises survey, August 2020, N=1,004 global organizations, N=100 consumer products manufacturing and retail organizations each, N=22 data masters organizations in CPR, N=159 all-sector data master organizations.

## Data behaviors: CPR data masters have established the right data processes

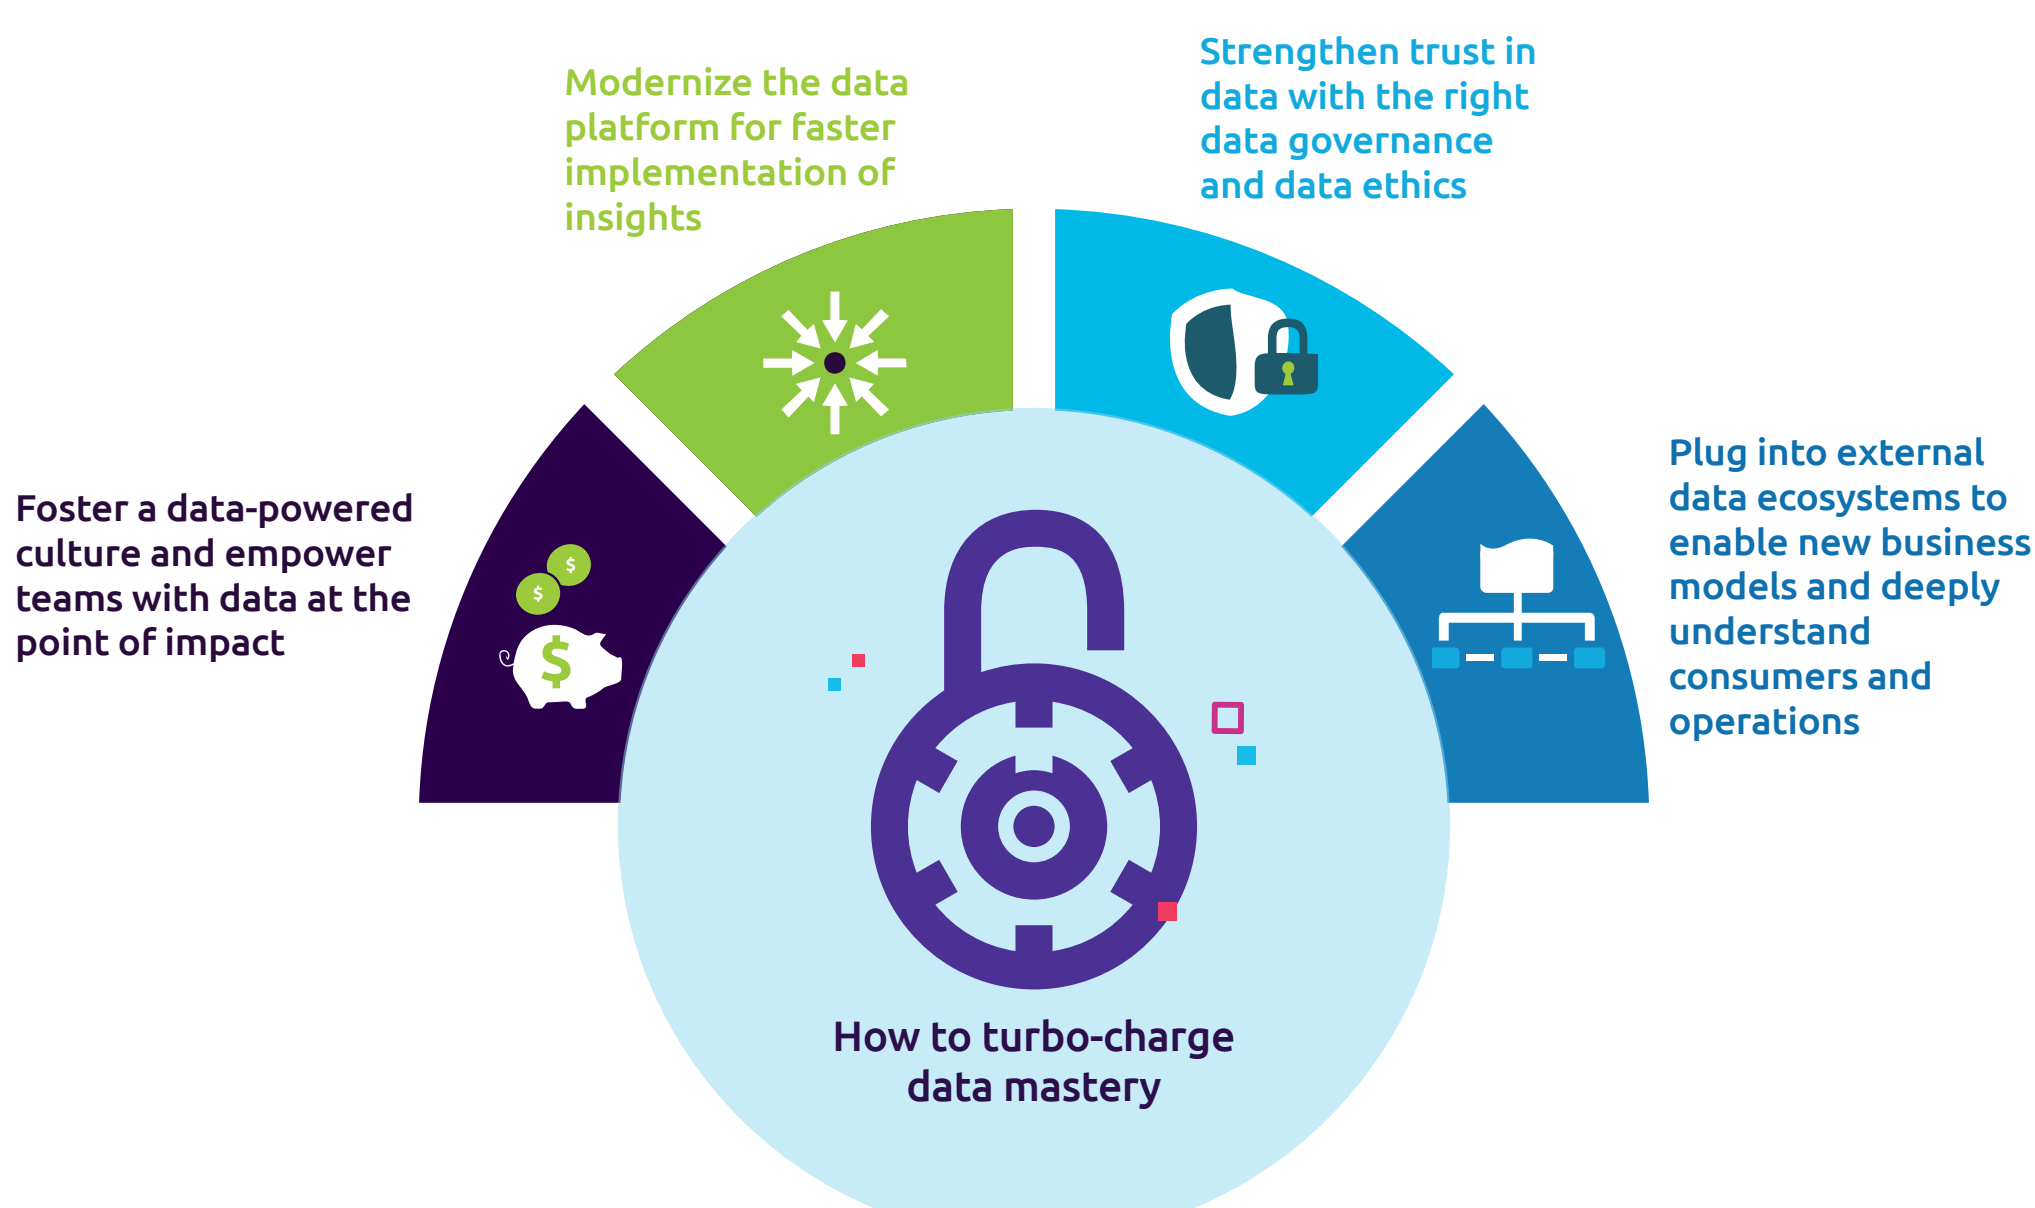

Source: Capgemini Research Institute, Data-powered enterprises survey, August 2020, N=1,004 global organizations, N=100 consumer products manufacturing and retail organizations each, N=22 data masters organizations in CPR, N=159 all-sector data master organizations.

**96%**  
In of CPR data masters organizations, data literacy is widespread
